*Nancy founded the Road to Independence Foundation with a specific purpose. The mission of The Road To Independence Foundation is to help young people as they transition from Foster care to the real world. Nancy wanted to have the ability to provide funds to these individuals to cover the cost of necessities that may be road blocks to their success. Without any family support or funds, a car repair bill or needed books for college or trade school could be the end of the road for some young people. Nancy founded the Road To Independence Foundation to be there to help, and that is what we will continue to do in her legacy.*

**Tournament Includes: 18 holes w/cart, practice balls, 2 beverage tickets, lunch & instant replay card**
